Only Accfin can eFile a tax return out of a tax preparation package straight into the SARS eFiling system reducing the time taken substantially on each tax return. Save R150,000 per 1000 taxpayers per year by making use of Accfin's methodology as well as meeting all your SARS deadlines.

ACCFIN's tax return methodology will:

- Speed up your tax return submission rate 20 fold
- Reduce risk and penalty exposure
- Prepare a tax return package in a format your clients will understand, indicating the amount owing or refund due
- Download assessments automatically and check right down to source code level

Improve profits and reduce risk by acquiring ACCFIN's Tax Return Methodology.
